

GET READY, GET CREATIVE!

Here are some ideas your child might like to try to get started. Open your Creativity Kit and see where it takes you!

1

Draw, paint, or create a rainbow

2

Design a t-shirt or a new outfit.

3

Use items from your Creativity Kit to create a portrait picture. You could use other items like magazines or newspaper too!

4

Create a sculpture (3D picture) with items from your garden or outdoors.

5

Put on your favourite music then doodle away!

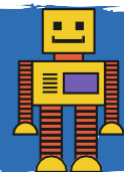

6

Make a mini book with one sheet of paper. Fill your book with happy words or pictures.

7

Draw your favourite toy

8

How many animals can you draw on one page?

The Guildford Lions Club have partnered with The Creativity Bank to share creative resources with children in the Guildford area. We hope your family will enjoy what you find inside. The aim of The Creativity Bank is to share creative resources in the local community so that everyone can experience the joys of creativity. This project was started during lockdown, inspired by all the rainbows and blue hearts decorating our pavements & windows. It reminded us how important creativity can be for our mental health, self-expression and happiness. If you would like to share any of the resulting art and craft creations, we'd love to see them via your school or online #CreativityUnlocked.

Overleaf you'll find some fun, creative ideas that might help get you started with your Creativity kit. Have a look in your box and see where it takes the imagination. What could your child draw, paint, make, build, doodle or write with bits and pieces inside your Creativity Kit.

What treasures can you find in yours and what creativity can they unlock?
